

- Adjustable ergonomic handles
- Powerful 2.7 Hp motor
- Easy access motor brush ports
- Dust containment optimized
- Access toe kicks and other hard-to-reach places with a longer arm
- Built-in halogen light for improved visibility
- More productive with 7" sanding discs
- Non-marking urethane wheels

Bona Machine

ELITE • FLEET

Bona[®] Edge XL[™]

MISSION: To grind, flatten and remove old finish where your belt sander won't reach.

SKILLS: Longer sanding arm for access to the deepest toe kicks. Workhorse edger with unique "open throat" design allowing unobstructed air-flow in the vacuum chamber for optimal dust containment. Steel drive disc provides flatter sanding surface. Accepts bolt-on and Velcro backed edger discs.
