

Bona® FlexiSand DCS Buffer

The Bona FlexiSand was developed specially for wood floor professionals. Featuring a strong chassis and ergonomic design, the Bona FlexiSand DCS Buffer delivers the results you have come to expect from Bona.

- ✓ A strong chassis with integrated dust channel for superior dust containment
- ✓ Floating dust skirt adjusts automatically
- ✓ Large wheels for easy maneuverability when transporting
- ✓ Hydraulically adjustable handle height at the push of a button
- ✓ For use with all Bona DCS® systems
