JÖST BLUE MAGIC DRY CLEANING NONWOVEN

The Blue Magic special coating makes it ideal for collecting dust, loose dirt and hair. In the healthcare sector, for example, dry cleaning gives you the advantage of directly binding germs. On-site disposal significantly minimizes the risk of spreading germs.

More advantages:

Both sides can be used · Outstanding anti-friction properties · No risk of slipping, surfaces can be safely be walked on

Purchase of mop covers, consumption and logistics are significantly reduced.

Up to 70% less washing and process costs

Ease of use for employees

WET OR DRY – EQUALLY EFFICIENT FROM A HYGIENE POINT OF VIEW

The German Southwest Clinics Association carried out a model project on the subject of dry cleaning in hospitals. The dust-binding cleaning process was closely examined, not only in terms of hygiene, but also in terms of work ergonomics. The Jöst Blue Magic won the test convincingly.

Good reasons for choosing Blue Magic:

Intensive tests proved that staff absences were minimized, and efficiency was increased when dry cleaning was introduced.

There was less physical strain on the cleaning staff, especially in the shoulder and lumbar spine areas.

Reduction of microorganisms by approx. 80 % in 'low risk' areas.

NUMBERS.DATA.FACTS.
